Please be sure to arrive in your first costume—makeup is optional.

Honor Students and Academy Award winners may take their award photos in whichever costume they choose (in their awarded style of dance).

Please call ahead of time if you know you will have a conflict with the times listed here. We hope that all our award winners will make it a priority to be here for their photos, as we use them throughout the following year in all our promotional materials.

We run on a tight schedule that is sometimes slightly ahead and sometimes slightly behind. Please be on time to help ensure that we can take group photos promptly.

Order forms will be available both days, and checks will need to be made out to Vista Professional Studios on that day.

You will need one order form per class!

Carpooling is a GREAT idea!
